# Get help

NetApp provides support for the Project Astra beta program in a variety of ways. Extensive free self-support options are available 24x7, such as knowledgebase (KB) articles and a Slack channel. Your Project Astra account includes remote technical support via web ticketing.

You must first [activate support for your NetApp serial number](#) in order to use these non self-service support options. A NetApp Support Site (NSS) SSO account is required for chat and web ticketing along with case management.

You can access support options from the Project Astra UI by selecting the **Support** tab from the main menu.

## Self support

These options are available for free 24x7:

- [Knowledge base](#)

Search for articles, FAQ's, or Break Fix information related to Project Astra.

- Documentation

This is the doc site that you're currently viewing.

- [Slack](#)

Go to the containers channel in thePub workspace to connect with peers and experts.

- Feedback email

Send an email to [projectastra.feedback@netapp.com](mailto:projectastra.feedback@netapp.com) to let us know your thoughts, ideas, or concerns.

# Subscription support

In addition to the self-support options above, you can work with a NetApp Support Engineer to resolve any issues after you [activate support for your NetApp serial number](#).

Once your Project Astra serial number is activated, you can access NetApp technical support resources by creating a [Support ticket](#).

Select **Cloud Data Services > Project Astra**.

Use your "941" serial number to open the web ticket. [Learn more about your serial number](#).
