Register for support

Project Astra attempts to automatically register your account for support when you set up your account. If it can't, then you can manually register for support yourself. Support registration is required to obtain help from NetApp technical support.

Verify your support registration

Project Astra includes a Support Status field that enables you to confirm your support registration.

Steps

1. Click **Support**.
2. Take a look at the Support Status field.

The Support Status starts off as "Not Registered" but then moves to "In-Progress" and finally to "Registered" once complete.

You can refresh your screen to get a current snapshot of process.

If you have any issues registering your serial number, contact us at projectastra.feedback@netapp.com.

Obtain your serial number

When you accept your Beta invitation, Project Astra prompts you to set up your account. Project Astra uses the information that you provide about your company to generate a 20-digit NetApp serial number that starts with "941".

The NetApp serial number represents your Project Astra account. You'll need to use this serial number when opening a web ticket.

You can find your serial number in the Project Astra interface from the **Support** page.

The screenshot shows the 'Support' page in the Project Astra interface. At the top, there's a 'Support' header with a megaphone icon. Below it is an 'OVERVIEW' section with three cards: 'Support Status' (showing 'REGISTERED' in a green box), 'Current Plan' (showing 'Complimentary (Beta)'), and 'Serial Number' (showing '941' followed by a masked 17-digit number). Below the overview is a 'GET HELP' section with three cards: 'Knowledge Base' (Search through articles to get help), 'Documentation Center' (Step-by-step instructions to get you started), and 'Get help via Slack' (Get help from the community). At the bottom is a 'CONTACT US' section with two cards: 'Give feedback about Project Astra' (Let us know your thoughts, ideas, or concerns) and 'Create a support case' (Create a NetApp case via our web form).

Activate support entitlement

If Project Astra was unable to automatically register your account for support, then you must register the NetApp serial number associated with Project Astra to activate support entitlement. We offer 2 options for support registration:

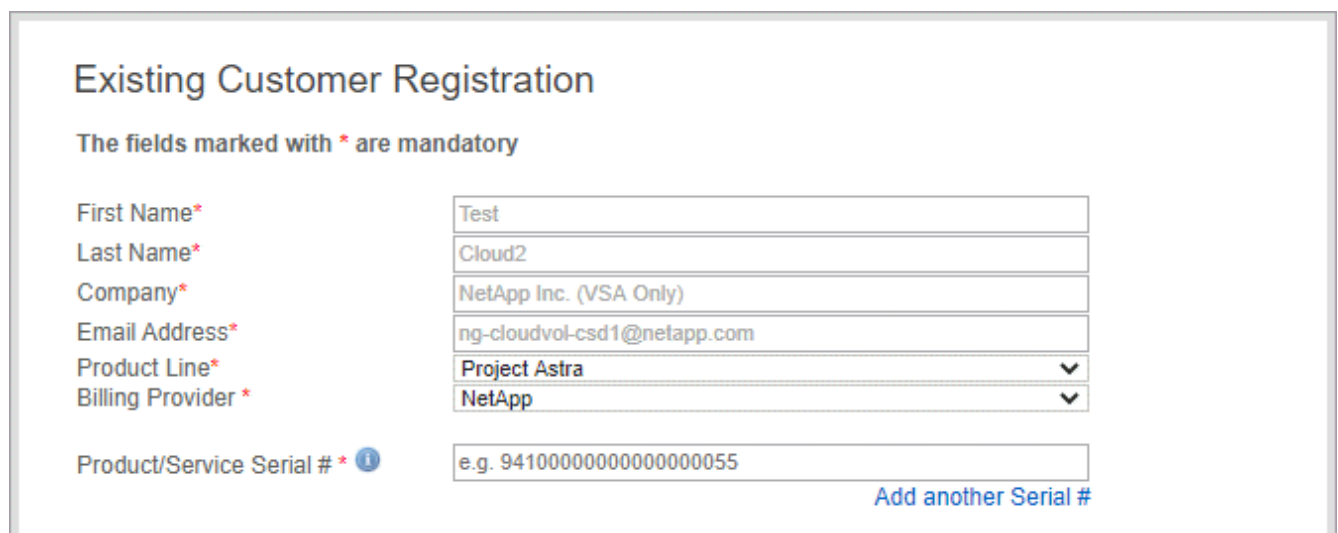

1. Current NetApp customer with existing NetApp Support Site (NSS) SSO account
2. New NetApp customer with no existing NetApp Support Site (NSS) SSO account

Option 1: Current NetApp customer with an existing NetApp Support Site (NSS) account

Steps

1. Navigate to the [Cloud Data Services Support Registration](#) page to create an NSS account.
2. Click **I am already registered as a NetApp customer.**
3. Enter your NetApp Support Site credentials to log in.

The Existing Customer Registration page displays.

The screenshot shows the 'Existing Customer Registration' form. It includes a title, a note about mandatory fields, and several input fields. The fields are: First Name* (Test), Last Name* (Cloud2), Company* (NetApp Inc. (VSA Only)), Email Address* (ng-cloudvol-csd1@netapp.com), Product Line* (Project Astra), Billing Provider* (NetApp), and Product/Service Serial #* (e.g. 94100000000000000055). There is an 'Add another Serial #' link at the bottom right.

Existing Customer Registration	
The fields marked with * are mandatory	
First Name*	Test
Last Name*	Cloud2
Company*	NetApp Inc. (VSA Only)
Email Address*	ng-cloudvol-csd1@netapp.com
Product Line*	Project Astra
Billing Provider*	NetApp
Product/Service Serial #*	e.g. 94100000000000000055

[Add another Serial #](#)

4. Complete the required information on the form:
 - a. Enter your name, company, and email address.
 - b. Select **Project Astra** as the product line.
 - c. Enter your serial number.
 - d. Click **Submit Registration**.

Result

You should be redirected to a "Registration Submitted Successfully" page. The email address associated with your registration will receive an email within a couple minutes stating that "your product is now eligible for support."

This is a one-time support registration for the applicable serial number.

Option 2: New NetApp customer with no existing NetApp Support Site (NSS) account

Steps

1. Navigate to the [Cloud Data Services Support Registration](#) page to create an NSS account.
2. Click **I am not a registered NetApp Customer**.

The New Customer Registration page displays.

New Customer Registration

IMPORTANT: After submitting, a confirmation email will be sent to the email address filled-in the form. Please click the validation link in that email to complete the registration.

The fields marked with * are mandatory

First Name*	<input type="text"/>
Last Name*	<input type="text"/>
Company*	<input type="text"/>
Email Address*	<input type="text" value="TESTING INFO: emails will be sent to the address entered here"/>
Office Phone*	<input type="text"/>
Alternate Phone	<input type="text"/>
Address Line 1*	<input type="text"/>
Address Line 2	<input type="text"/>
Postal Code / City*	<input type="text"/>
State/Province / Country*	<input type="text" value="- Select -"/>
NetApp Reference SN	<input type="text"/>
<small>If you currently own any other NetApp product, please provide the Serial Number for that product here in order to help speed-up the validation process.</small>	
Product Line*	<input type="text" value="Project Astra"/>
Billing Provider *	<input type="text" value="NetApp"/>
Product/Service Serial # * 	<input type="text" value="e.g. 94100000000000000055"/>

[Add another Serial #](#)

3. Complete the required information on the form:
 - a. Enter your name and company information.
 - b. Select **Project Astra** as the Product Line.
 - c. Enter your serial number.
 - d. Click **Submit Registration**.

You will receive a confirmation email from your submitted registration. If no errors occur, you will be re-directed to a "Registration Submitted Successfully" page. You will also receive an email within an hour stating that "your product is now eligible for support".

This is a one-time support registration for the applicable serial number.

4. As a new NetApp customer, you also need to create a NetApp Support Site (NSS) user account for future support activations and for access to the support portal for technical support chat and web ticketing.

Go to the [NetApp Support Registration site](#) to perform this task. You can provide your newly registered Project Astra serial number to expedite the process.
